The undersigned applicant, in consideration of being supplied with water service on the herein named premises, agrees to pay for the services, and further agrees to the rules and regulations of the Phelan Piñon Hills Community Services District (District). This contract shall at all times be subject to changes or modifications by the District. Additionally:

1. District retains title to all water meters. District responsibility ends at the customer side gate valve. District is not liable for any water use on the property, including leaks.
2. District does not guarantee continuous delivery of water on demand, and nor does it assume any responsibility for damages which may occur as a result of any interruption of water service.
3. District assumes no responsibility for pressure regulation of customer's water service. It is each customer's responsibility to install and maintain a pressure regulation device to safeguard their water system.
4. Delinquent accounts will be assessed a penalty and may be subject to disconnection of water service for non-payment. Additionally, the District reserves the right to place a lien on the property, pursue other collection measures, and charge any applicable fees related to recovering any unpaid balance.

Acknowledgement of District Water Conservation Measures and Restrictions

Date _____ Account Number _____

I understand that I have the right to use my property in any legal way as permitted. I understand that making certain choices may affect my water use and that any use that falls outside of the definition of beneficial use, or use that violates the District's Ordinance 2016-01, may be subject to fines, additional water charges, shut off for violations, and/or the requirement to upgrade my meter size. I further understand the severity of the current drought and the mandated conservation requirements imposed by the State of California and the State Water Resources Control Board to which the District must adhere.

Further, I acknowledge that I have received the following documents;
